IES Control Number: "OTHER B"

## Approved For Release 2000/08/08 : CIA-RDP96-00789R001900380001-0

Date IES Completed: 8 Oct 86

## PROJECT SUN STREAK (U)

Intelligence Evaluation Sheet

11011 1				
Does the information satisfy your Intelligence Collection Requirement?	YES	IN PART	ИО	CANNOT RE DETERMINED

## TI NOLUD.

This section deals exclusively with the accuracy of the information provided in this report only. Disregard any previous data or IES forms you may have already received when completing this section of this form. Responses are scaled from 0-4 utilizing the following explanatory criteria:

- 0 Little or no correspondence with known or suspected components of the target site.
- 1 Evidence that the proper target site is being described, however the information contains a mixture of correct and incorrect elements.
- 2 Good site correspondence with several items recognizable or confirmatory in nature but some incorrect or irrelevnt information is reported.
- 3 Good correspondence with the target with unambiguous and unique information and relatively little known incorrect information.
- 4 Data correctly fulfills tasking in a manner which positively enhances current holdings and operational interest in this site by reporting on heretofore unknown data.

Has information previously provided to you by this office pertaining to this target which may have initially been rated "Of Value" (or better), been subsequently found to be of a lesser rated reliability or erroneous in nature? It so, please explain by noting the IES control number and the specific nature of the information that was previously rated and the reasons for the current reassessment. Please use separate sheet of paper for your comments.

N/A

NULL: This organization solicits your frank and informal comment or any aspect of this project which could better aid us in providing high quality intelligence to the consumer. Please feel free to use the space below, (or additional sheets of paper as necessary), in any format you deem adequate to convey your thoughts.
